Honorable Cathy Seibel  
United States District Judge  
Southern District of New York  
300 Quarropas Street  
White Plains, New York 10601

**Re:** United States v. Andrew Bartok  
**S4 10 Cr. 510 (CS)**

Dear Judge Seibel:

The defendant will not be submitting any Requests to Charge, other than to ask that the Court give the standard charge on the defendant testifying or not testifying, dependent on Mr. Bartok's election. Particular disagreements over language will be discussed with the government, and I hope to resolve most of those disagreements.

I respectfully ask to address whatever issues cannot be resolved between the parties at Monday's pre-trial conference.

Sincerely,

Dawn M. Flores
